EXAM ADJUSTMENT SOUGHT:

- Sight reading requirement to be replaced by higher grade aural tests
- Aural test requirement to be replaced by higher grade sight reading
- Enlarged sight reading to be provided
- Brailled sight reading to be provided
- Extra time required for written music exams
- Other:

Please note the following information regarding allowable adjustments:

- The adjustments made to an exam will be designed to facilitate access rather than remove the requirement to demonstrate a skill being tested by the exam.
- Access arrangements are intended to increase access to assessments but cannot be granted where they will directly affect performance of the skills that are an objective of the exam.
- The same academic standards must be applied to all candidates. Any adjustments or access arrangements made must maintain the academic rigour of the exam and the integrity of the credential.
- Adjustments and access arrangements must not confer an advantage on the candidate. If a required adjustment is considered to confer an unfair advantage an alternative adjustment may be offered depending on the circumstances. The nature of an adjustment need not be made if it would cause unjustifiable hardship to AMEB (NSW). The principle of non-discrimination must be balanced with the maintaining of rigour and integrity and equity for all candidates.
